The Promethean Rescue System

Puts the Power into Search and Rescue

Victim Locator Drill System Includes: (Included in all packages on front of this page)

Handheld Core Drill Machine:

- ◆ Powerful 4-cycle Honda gasoline motor, 31cc
- ◆ Field independent - no umbilical support or external power source required
- ◆ Optimum RPM for fast drilling - reach victims quickly
- ◆ Easy pull start - saves time
- ◆ 4-inch bit diameter capacity
- ◆ Heavy-duty, quad precision ball-bearing gear box - for reliability and longevity
- ◆ Centrifugal clutch - Bit RPM is zero at idle - for ease of use and operator protection
- ◆ Easy bit removal - saves time
- ◆ Shoulder width ergonomic handle bars - for operator comfort

Collapsible Coolant Backpack:

- ◆ 5-Gallon Capacity - Large fill port, easy to fill
- ◆ Dual Use - uses either Class "A" foam coolant mixture or just water in the reservoir - Foam Coolant lasts twice as long as plain water
- ◆ Forestry and Fire Service approved, meets specification number 5100-86
- ◆ Can be set on the ground when in use, does not need to be worn while drilling
- ◆ Comfortable, padded, ergonomic harness system
- ◆ Ultra light weight, 44 lbs when fully loaded
- ◆ Quick-connects on all hose ends, fast set up
- ◆ Pre-set coolant flow rate, no adjustments necessary

Lightning Diamond Drill Bit:

- ◆ Greater diamond concentricity - *for consistent cutting speed*
- ◆ Special formulated diamond matrix - *for faster drilling*
- ◆ Special segment shape - *for faster penetration*
- ◆ 20% to 30% faster than other manufacturers bits
- ◆ Unique Promethean tapered barrel design-Reduced Bit Jamming or Stalling
- ◆ Greater sidewall clearance
- ◆ National Standard 1 1/4 inch - 7 Coupling-Fits most any core drill system

Promethean Portable Video System Includes: (Available in the GOLD, Silver and Green Packages)

- ◆ Promethean Video Display with sunshade
- ◆ Chest Harness
- ◆ Low Light Color Camera
- ◆ Audio Module and Headphones
- ◆ Two NiMH Rechargeable batteries
- ◆ Battery charger
- ◆ D-Cell battery pack
- ◆ 9-foot Telescoping and Articulating pole
- ◆ Carrying case

Features & Benefits

- ◆ Locate Victims in the shortest amount of time
- ◆ Maintain the safety of the rescue team
- ◆ Extremely portable and modular design
- ◆ Easily hand-carried

Pro-Undercut Anchor Kit Includes: (Available in the GOLD, Silver, Red, Blue and Orange Packages)

- ◆ 25 - 1/2" Pro-Undercut anchors
- ◆ 5 Eye nuts
- ◆ Hammer drill bit
- ◆ Undercut tool
- ◆ GNG Gauge
- ◆ SDS to undercut tool adapter

Features & Benefits

- ◆ Lift twice as much weight as "wedge-type" anchors – dependable, lab-tested strength
- ◆ Each 1/2-inch anchor lifts 10,000 pounds
- ◆ Use fewer anchors – **save time!**
- ◆ **Quickly extract victims trapped in collapsed structures!**

Easy to Use

- ◆ Drill hole for anchor
- ◆ Undercut hole with specialized undercut tool
- ◆ Install anchor
- ◆ Attach eye nut

CSG680 Cut Off Saw Includes: (Available in the GOLD, Red and Blue Packages)

- ◆ 66.7 cc 2-stroke engine
- ◆ Lifetime ignition module warranty
- ◆ Compensating carburetor maintains consistent cutting power under load
- ◆ Heavy-duty 3-stage air filtration system - optimum airflow, maximum performance, longer engine life
- ◆ Grouped controls include throttle lockout to prevent accidental wheel movement

QV8050 QuikVent Saw Includes: (Available in the GOLD and Red Packages)

- ◆ Powerful 80.7 cc 2-cycle saw head
- ◆ Patented droop nose bar with carbide chain - optimum angle for cutting through wood and asphalt shingles
- ◆ Unique patented skid plate - operator pivots the bar nose into a structure
- ◆ Heavy-duty, cartridge-type air filter
- ◆ Lifetime ignition module warranty
- ◆ Includes carrying case
